

## WHITE MEN JAILED AT NEW ORLEANS

### EIGHT ARRESTS MADE FOR YESTERDAY'S SHOOTING.

Foreign Consuls Will Demand Indemnity For the Men Killed as Well as the Punishment of the Offenders—Police Powerless to Prevent Lawlessness—Militia Called Out.

New Orleans, March 13.—All is quiet this morning. Eight whites have been arrested today for shooting the negroes. The foreign consuls will demand indemnity for the men killed and the punishment of the offenders. Yesterday was a day of wild excitement, anarchy and bloodshed on the levee. As a result of the dire work of the armed mobs of ruffians that swept the wharves yesterday five men are already dead, and many others are in the hospitals seriously wounded. The whole city is agitated with horror and trembling with fear at the city's helplessness. The dead:

CARRABEL, JULES C.  
CRAWFORD, WILLIAM C.  
LOPEZ, FREDERICK.  
MELLARD, LEONARD.  
PAYNE, JOHN.  
The injured:  
Bane, James.  
Brown, Henry.  
Cust, Lunis.  
Lighthall, Frank.  
Preston, Timothy.  
Williams, William.

Shortly before 7 o'clock in the morning the colored screwmen engaged to load the steamship Engineer, removed the tarpaulins covering the second hatch. Just then a pistol shot rang out, then another, and in a second the wharf and deck of the vessel were the scene of an atrocious slaughter. White men to the number of 200, armed with pistols, shotguns, and rifles, who had remained half hidden in the freight and among the box cars on the levee, closed in around the wharf and opened fire upon the negroes. James Bane, purser of the British steamship Engineer, was walking toward the gang plank of his vessel when the firing opened. He received a bullet in the side and fell. He was sent to the Touro infirmary, where the surgeons declared his wounds serious.

When the attack was made the negroes on the wharf became panic-stricken and rushed into the vessel and along the wharves, begging piteously for mercy, but the firing continued. There were half a dozen policemen on the Harrison wharf when the shooting began. They made no attempt to prevent the attack, saying they were powerless in the presence of the mob and took refuge behind the freight on the wharf to avoid the bullets.

When the rioters had completed their work at the Harrison wharf they marched toward the uptown wharves with guns on their shoulders and other weapons in plain view. Three blocks up they ran across Leonard Mellard, a colored laborer who is employed by one of the public weighers. Him they shot through the brain.

After this the rioters continued up the levee for a mile and a half but did no more shooting, as all the colored labor had deserted every wharf on the river front when word of the attack came. About 7 o'clock a mob of white men moved to the attack of the negro screwmen who were preparing to unload the steamship Niagara. A large number of shots were fired, but only one man was killed. He was William Crawford, a colored screwman, who was shot in the head as he attempted to escape.

Shots were fired at the British steamships Niagara and Merrimac. The police were massed on the levee after all the shooting was over, but they arrived too late. No arrests of any of the rioters was made. Mayor Fitzpatrick is in personal command of the situation and declares he is able to cope with the situation. Gov. Foster was wired news of the terrible deeds and left for the city after telegraphing orders to have all the city militia placed in readiness for a call to arms at any moment.

Commercial bodies and exchanges met in the afternoon and appointed committees to confer with the governor. The steamship agents also met and telegraphed a report of the shooting of Purser Bane of the Engineer to the British ambassador at Washington, whose aid was implored. Later United States District Attorney Earhart telegraphed to the attorney-general at Washington saying that the local authorities were unable to deal with the situation and calling for federal troops. At 8 o'clock at night Brigadier-General Borland issued orders to the militia to place twenty men on guard at each of the armories and to have the whole effective military force of the city report for duty at 6 o'clock this morning.

Five arrests of men whom the police identified as having been in the riot where Crawford was killed was made last night and further arrests are promised. All preparations have been made to meet the mob if hostilities are renewed to-day.

### CITY AND STATE FIRST.

If They Fall Federal Government May Take a Hand.

Washington, March 13.—The United States will not send troops to New Orleans until it has been fully demonstrated that the city and state officers are no longer able to maintain the peace and protect the interstate traffic. Mr. Olney, in speaking of the situation at New Orleans, said that so far as he has been able to learn neither the city nor the state authorities had called out the local militia or taken any rigorous means to suppress the existing lawlessness. He had no doubt, however, of the ability of the control of the governor of the state, aided by all of the military forces at his command. If it should be necessary to invoke the aid of the federal troops the department now has two batteries, D and L, of the Third artillery, stationed at Fort Jackson, in the limits of New Orleans, and this force could easily and quickly be supplemented by troops.

## OLNEY FOR INCOME TAX.

He Declares It Is Not an Invasion of Vested Rights.

Washington, March 13.—The proceedings in the income tax cases in the supreme court yesterday opened with argument by Attorney-General Olney on behalf of the government for the validity of the tax. Mr. Olney declared that whether an income tax is what the constitution describes as a "direct" tax is a question as completely concluded by repeated adjudications as any question can be. It is not a direct tax within the meaning of the constitution unless five concurring judgments of this court have all been erroneous.

Speaking on another point raised by the appellants, he said no land tax is aimed at or attempted by the statute. "The power to tax," he said, "is for practical use and is necessarily to be adapted to the practical conditions of human life. No country, for example, no state in this Union, ever adopted a plan of taxation that did not except some portions of the community from a burden that was imposed upon others. The power to do so is unquestioned and is universally exercised." Of corporations he said: "It is common knowledge that corporations are so successful an agency for the conduct of business and the accumulation of wealth that a large section of the community views them with intense disfavor as maliciously and cunningly devised inventions for making rich people richer and poor people poorer. When, then, this income tax law makes a special class of business corporations and taxes their incomes at a higher rate than that applied to the incomes of persons not incorporated it but recognizes existing social facts and conditions which it would be folly to ignore."

James C. Carter then began his argument. He appeared for the Continental Trust Company. Mr. Carter asserted he agreed with counsel for the appellants in the necessity for equality in taxation, but he stated the truest test in the matter of equality was the ability to pay, according to the principle of levying burdens. "Inevitably," he declared, "the poor must go to the wall."

Mr. Choate followed Mr. Carter, speaking for the appellants. His is the closing argument in the case. He declared that the income tax was unconstitutional and said it was defended here upon principles as communistic, socialistic and populist as had ever been addressed to a popular assembly and he had been astonished that the attorney-general had made a plea for its toleration on the ground that it was directed only at the rich. Mr. Choate said that if the law was enforced, New York, New Jersey, Massachusetts and Pennsylvania would pay nine-tenths, yes, nineteen-twentieths of the tax. This, he declared, was sufficient evidence of inequality. Mr. Choate will take up the constitutional aspects of the question upon the opening of his argument to-day.

## BATTLE IN A CHURCH.

Three Men Fall in a Sharp Interchange of Bullets.

Omaha, Neb., March 13.—The startling spectacle of a priest rising from the altar with a revolver in each hand firing into a frenzied mob of men, women and children was witnessed in St. Paul's Polish Catholic Church at Sheely, an Omaha suburb, yesterday. The Rev. Father Karminski, the presiding pastor, was the man whose dramatic signal started the battle, and in a moment it spread about the church grounds with revolvers, clubs and stones, and when the heat of the encounter had passed two men were carried off the field shot while another man had a badly shattered head. The wounded are:

Dargazewski, F., shot through both legs.

Inda, Joseph, one of the priest's supporters, stabbed and beaten over the head.

Kozicka, John, shot through the knee. Other combatants were more or less disfigured, but none of them were seriously injured. Late at night a report was circulated that the Poles of South Omaha were going to Sheely Station to capture the church, and that they would be assisted by some Poles from Council Bluffs and the attacking party of the morning. The followers of Priest Karminski flocked to the church heavily armed with revolvers and shotguns. At a late hour the expected party from South Omaha and Council Bluffs had not appeared.

Although the attack was a surprise to the priest something of the kind had been expected for some time and he had arranged a signal to call his supporters around him when it should occur. The trouble was the outgrowth of dissensions in the church for two years. Bishop Cancell removed the priest in charge in spite of the protests of leading men of the congregation, and the matter was carried into the courts. The congregation is about evenly divided, about sixty families being on each side. Priest Karminski claims he has been threatened frequently by his enemies, who desire to kill him.

## QUESTION TO BE VOTED ON.

Michigan Senate Passes the Bill Affecting the Pay of State Officials.

Lansing, Mich., March 13.—The question of what salaries the people will be asked to increase at the April election was definitely determined yesterday by the action of the senate in passing the house joint resolution which repeals the resolution submitting the attorney-general's salary alone and provides for the submission of the proposition to increase the salaries of the secretary of state, state treasurer, land commissioner, superintendent of public instruction and attorney-general. The impression is general that the proposed amendment will be defeated at the polls. In the house the Partridge caucus bill was passed, as was the militia bill.

## Bismarck and William.

Lepsic, March 13.—A sensational paper here reports that Emperor William will, in company with the imperial princes, all the ministers of state and the members of the bundesrat, proceed to Friedrichshue and congratulate Prince Bismarck on the approaching anniversary of his birth. The paper adds that the emperor will confer the title of highness on the ex-chancellor.

## ITALIANS LYNCHED BY A MOB OF MINERS

### MURDER OF A DEPUTY SHERIFF AVENGED.

Crowd Lay in Ambush and Fired on the Sons of Italy When They Drove By—Five Men Were Killed and Many Others Were Injured—Race War Likely.

Walsenburg, Colo., March 13.—Two or three days ago Deputy Sheriff Hixon was brutally murdered at Rouse by several Italian coal miners. After pounding the deputy's head into a pulp the body was hidden and was not found until Monday morning, when a general alarm was given and bloodhounds put upon the murderers' trail. A mob in ambush at 7:30 last evening fired on a wagon containing nine Italians who are charged with killing Hixon. Four of the Italians and the wagon driver were killed.

The prisoners, who had been lodged in the Walsenburg jail, were taken to the coroner's inquest at Rouse in the afternoon. At the conclusion of the session of the day the prisoners were loaded into the wagon and started back to the jail. At Beer Creek, a region where there is much underbrush, half a mile from Walsenburg, the crack of a dozen rifles, presumably in the hands of miners, rang out. Four of the prisoners, whose names cannot be learned on account of the excitement, were instantly killed. A young American boy, who was driving the wagon, was also killed. The officers returned the fire which lasted several minutes. The most intense excitement reigned.

At this juncture a general riot started. One hundred or more Italians, seeing their countrymen lying around dead, became frenzied, swearing they would have vengeance before morning. Both factions began arming themselves and at last accounts were expected to come together at any moment.

The work of the mob was done to avenge a peculiarly brutal crime. At 7 o'clock Monday morning two men en route to work at Rouse discovered A. J. Hixon, proprietor of a saloon, in a dining condition an eighth of a mile from his place of business. Mr. Hixon had been struck on the back of the head with a blunt weapon and was unconscious. He expired within an hour.

Ten days ago T. J. Brewer, pit boss of the Rouse, imported a trained bloodhound, which was promptly summoned. The animal tracked four men, who were arrested. Threats of lynching were generally indulged in during the day and quite a number of men were scattered along the route to Walsenburg, but it was thought there was scarcely a possibility that violence would be attempted. Hixon was popular with the American miners and general indignation prevails. He was an Arkansan, late of Texas, and was 36 or 37 years of age. The incentive of the murder is unknown, as Hixon was not of an aggressive or quarrelsome disposition.

## ILLINOIS LEGISLATURE.

House Appropriates Money for State Institutions—In the Senate.

Springfield, Ill., March 13.—The senate bill making an appropriation for the rebuilding of the Anna Insane hospital was passed, as amended by the house yesterday, with an emergency clause. The amount appropriated is \$85,370. Mr. McClachlan's bill to prohibit the use of explosive oils in coal mines, and Mr. Cochran's bill to regulate the assignment of notes secured by chattel mortgages and to regulate the sale of property under the power of sale contained in chattel mortgages, passed. The following were the most important bills introduced: Mr. Ellsworth.—To provide that the state board of equalization may increase the aggregate assessment of the state 20 per cent, in stead of 1 as at present. Mr. Glade.—To provide that chattel mortgages shall be foreclosed only in courts of record. Mr. Selby.—To reduce railroad fares to two cents a mile. The house adjourned until 10 a. m. to-day.

In the senate the street railway bill introduced by Senator Crawford was passed with slight opposition. Yeas, 33; nays, 6. Senator Niehaus' bill for the protection of persons furnishing materials and labor in the construction of public buildings passed—yeas, 40; nays, none. Senator Coon's long delayed woman suffrage bill failed to pass in the senate to-day by the narrow margin of one vote. Other bills passed were as follows: Senator Sawyer.—Amending the law providing for highway commissioners, requiring that not more than two be elected from each district. House bill.—To amend the law for the aid of training schools for boys. Senator Hamer offered a petition that the sale of liquor be prohibited within four miles of the Illinois State university and other colleges. Senator Munroe introduced a bill amending the law in relation to juries. Senator Wiloughby introduced two bills. One amends the law for the weekly payment of wages by corporations, requiring every corporation to pay its employees weekly the wages earned within six days of the date of such payment and, if the employee be absent at the time of payment he shall be entitled to payment on demand. The other amends the criminal code by providing a penalty of not less than one nor more than two years for any one caught with burglar's tools on his person. The senate adjourned until 10 o'clock to-day.

## Big Advance in Wheat.

Chicago, March 13.—Wheat demonstrated its ability to advance yesterday in a manner which surprised its best friends. At the top of the bulge, caused by the government statement of farm reserves, May wheat sold at 56½ cents. Three cents above the closing price of Monday. This was four cents over the bottom price for May delivery, and two cents over the last recorded price of the previous day. The government statistician's figures on reserves in first hands were what did it. The estimate was decidedly bullish, as it indicated there are in farm reserves only 75,000,000 bushel, or only 16.3 per cent of the latest crop yield.

## A SPANISH WARSHIP FIRES ON OUR FLAG

### BALL SENT INTO AN AMERICAN MAIL STEAMER.

The Alliance's Salute By Dipping Her Colors Was Answered By Solid Shot and Serious International Complications May Follow—News From Foreign Countries.

New York, March 13.—The American mail steamship Alliance, while proceeding from Colon to New York, the morning of March 8 sighted a barkentine rigged steamer under the land off Cape May, the eastern edge of Cuba, which headed directly toward it. At 7 o'clock, when two and a half miles distant, it hoisted the Spanish flag, which was saluted by hoisting the American ensign and dipping it, which act of courtesy was answered by the Spaniard. At 7:15 the Spaniard fired a blank cartridge to leeward, which was soon followed by another. The American ensign was again hoisted and dipped, but the course and speed of the ship was not changed, as no hostile demonstration was anticipated, as the Alliance was more than six miles off the land at the time. The Spanish man-of-war was not satisfied, however, with even the double salute to its flag, but proceeded to chase the American at full speed, and seeing that the American was drawing away it yawned to, bringing its guns to bear, and fired a solid shot, which struck the water less than an eighth of a mile away from the ship and directly in line. This was followed by two more solid shots, which fortunately did not reach their mark, though they struck the water in plain view of the ship. At each shot, however, the Spaniard yawned to get the range of the American ship before firing on it, plainly showing the intention to hit it if it could. The chase was kept up for more than twenty-five miles, however, before it was abandoned. This outrage has been reported to the secretary of state by Capt. Grossman and no doubt a prompt demand will be made on the Spanish government for an explanation for the insult and a reason required for the attempt made to stop an American mail steamer in the high seas in time of peace.

Washington, March 14.—No report has been received from the department of the pursuit of and firing at the merchant ship Alliance, off the Cuban coast, by a Spanish war vessel, and in the absence of a definite and properly substantiated statement of the facts the officials positively decline to pass judgment in the matter. The impression here is that the Spaniards had heard of the fitting out of filibustering expeditions in Central America with arms supplied from the United States and that in this case they had reason to suspect that the filibuster's supplies would be landed by the American steamship at some point on the Cuban coast. The question of international law involved is the "right of search."

## ROSEBERY WILL QUIT.

England's Premier at Last Decides to Resign His Position.

London, March 13.—On authority which is considered sufficient it is said Lord Rosebery, owing nominally to the present state of his health, has determined to place his resignation in the queen's hands. It is also said the real object of yesterday's cabinet council was not to consider a matter relatively so unimportant as the succession to the speakership, but to discuss the date of dissolution. It is altogether likely this long expected event will take place immediately after the Easter recess.

## China-Japan Peace Terms.

Washington, March 13.—As a result of the negotiations between Minister Dun in Japan and Minister Denby in China the terms of the peace to be concluded between China and Japan are now known with little short of exactness. As understood in high official circles they are practically as follows: There will be no extension of Japanese territory in the mainland of Asia, but the island of Formosa, a Chinese possession, lying off the coast, will be permanently ceded to Japan. The Japanese will by treaty be granted the right to continue in occupation of Port Arthur and Wei Hai Wei, the two great naval stations leading to the Gulf of Pechili, for a term of years. The claims of China that Corea is a dependency of hers shall be for ever relinquished and Corea shall henceforth be independent. The cash indemnity to be paid by China will not exceed \$250,000,000 in gold.

## Lillokalani May Go to England.

Victoria, B. C., March 13.—The steamship Miowera arrived yesterday afternoon, seven days from Honolulu. Honolulu advices to March 5 say the ex-queen has been sentenced to five years' imprisonment and to pay a fine of \$5,000. She is still confined in the room in the executive building where she was placed on the day of her arrest, and is under military guard. Undoubtedly before the end of the month some proposition will be received from the ex-queen's representatives whereby she will either take up her residence in one of the other islands or leave the country, doubtless to go to England. Martial law is still in force. The movement for annexation is gaining among the natives, and the formation of an annexation league doubtless will result in monster annexation petitions from all parts of the islands.

## To Annex Cuba to the United States.

Colon, March 13.—The Cuban revolutionary leaders who are directing affairs from Jamaica are anxious, according to advices received by sympathizers here, to bring about the annexation of Cuba to the United States.

## Boodlers May Escape.

New Orleans, La., March 13.—The Supreme Court has granted a writ in the case of Councilman John T. Callahan, one of the convicted boodler aldermen. It is very doubtful if he will be convicted a second time.

## FIFTY PERSONS HURT

Train Derailed by a Broken Axle at Hazleton, Pa.

Hazleton, Pa., March 13.—By the breaking of an axle on the Lehigh Valley express train last night two cars were turned completely over and each of the fifty passengers sustained injuries more or less severe. The greatest excitement prevails in the vicinity and it is impossible to get the details of the wreck at this writing.

## TAYLOR ARRESTED IN MEXICO.

Man Who Robbed South Dakota of Half a Million Said to Be Caught.

Jacksonville, Fla., March 13.—A Tampa special says: W. H. Taylor, the defaulting South Dakota treasurer, was arrested last Sunday in Mexico by Pinkerton agents. Taylor, under the name of Mason, and a companion calling himself Phelps passed through here several weeks ago. They went to Havana, and the chief of police of that city was paid \$2,000 to locate Taylor, which he did on a steamer bound for Vera Cruz, Mexico. News has been received here of the arrest in Mexico.

## A TRACE OF DISEASE.

German Journal Comments on American Cattle.

Washington, March 13.—In reviewing an article by Veterinarians Boysen and Voller on the importation of American beef cattle, the Hygienische Rundschau, Hamburg, under date of Feb. 15, says: "The authors protest against the misrepresentations and fears which are scattered through the newspapers that tuberculosis exists in cattle in America to an enormous degree and also that pleuro-pneumonia is still more prevalent and that the American stock-raisers are forced on this account to ship their cattle to Europe at a merely nominal price. In Hamburg from the year 1889 to the present time there were in all 1,104 and in other German cities altogether 918 imported cattle slaughtered. These animals were subjected to a careful veterinary inspection, not only before being slaughtered but afterward. It was impossible to find pleuro-pneumonia in a single case, while tuberculosis was present in only four of these animals. In two of the latter the carcasses were condemned, while with the other two it was only necessary to condemn single organs. Accordingly, only 1-20 of 1 per cent of the American cattle were affected with tuberculosis, while 20 per cent of the German steers slaughtered in Hamburg have been found affected. It is noticed parenthetically that, strange to say, the American cattle were entirely free from liver trouble. The authors consider the condition of this stock as fully equal to that of the stock raised on the home meadow lands. Boysen and Voller see a coming danger in the American meat for the German producers and for the German meat trade, which is well founded not only on account of the lower price but in the high standard of cattle breeding and in the perfection of the American cattle. The German stock-raisers are advised to study the achievements of the Americans in the field of stock-raising and to examine and consider how tuberculosis, which is constantly spreading around them in the German stock, may be arrested."

## Fee and Salary Bill All Right.

Indianapolis, Ind., March 13.—The fee and salary bill, which the private secretary was thought to have last Monday night, turned up yesterday in the secretary of state's office duly signed by the governor. The state house bill was lost in the fight after King fell and no one knows what has become of it. Gov. Matthews yesterday took the first step in testing the constitutionality of the act giving the appointment of prison directors to a board of state officers. He appointed prison commissioners. Secretary of State Owen refused to recognize the commissioners, and the legally constituted board by the new law will go ahead and appoint. The governor in turn will refuse to issue their commissions, and the court will have to decide which board has a right to act.

## More Mines Grant Scale.

Clarksburg, W. Va., March 13.—After being in session all night the managers of the Glen Falls and Farnum mines and their employees arrived at a settlement and 600 men returned to work this morning. The operators granted the rate of 35 cents per ton, which is the price asked by the men for machine mining. Other differences were compromised. The demand for coal has greatly increased of late. At Wheeling the Cleveland and Pittsburg Coal company, operating the Tiltonville mines, announced that their mines would resume operations in full as soon as they can be gotten in shape. They have been idle for the past four months and for a month past the miners have been living on charity.

## United Mine-Workers.

Terre Haute, Ind., March 13.—The sixth annual convention of the United Mine-Workers of Indiana opened here yesterday. Secretary Kennedy's report showed the district to be in a better condition financially and in membership than ever before in the history of the organization. Rumors of a strike to be ordered throughout the state in May were talked of by several of the resident operators but a number of delegates interviewed denied that any such question would be considered at the convention unless the operators pushed the question on them.

## Grover En Route to Washington.

Cape Hatteras, N. C., March 13.—The steamer Violet, on which the President and party have been for several days anchored in Pamlico sound duck shooting, started on its return trip yesterday evening. All the party are well. Mr. Cleveland did a great deal of successful hunting.

## Harrison Now Out of Danger.

Indianapolis, Ind., March 13.—Benjamin Harrison is in a much improved condition. Dr. Jameson reports that his patient is entirely out of danger and that he will be able to be out again in a few days.

## MANY BILLS PASSED AND LAID ASIDE

### RUSK RESOLUTION PASSED WITH A CHEER.

Normal School Appropriation Bill Goes Through the Senate—Assembly Passes the Bill Appropriating Money For a School for the Feeble Minded—Other Legislative Doings.

Madison, March 13.—In the senate this morning a ringing resolution in memory of the services of Jeremiah M. Rusk, was passed. The normal school appropriation bill was also passed. A long debate was held on the bill allowing the governor to grant two unconditional pardons on July Fourth, and it was laid over. The bill legislating Jerry Dobbs out of office was laid over until Friday. The Superior public warehouse bill was reported for passage.

In the assembly the bill appropriating \$100,000 for a school for the feeble minded was passed and an extended debate on the university appropriation bill followed. An amendment was offered to cut it down from one-fifth to one-eighth mill tax and it was made a special order for tonight.

## BARRIOS IN NEW YORK.

Nicaragua's Envoy to England Talks of the Canal Problem.

New York, March 13.—Gen. Barrios, special envoy to England from Nicaragua, is in the city. Horacio Guzman, minister to the United States from Nicaragua, came on from Washington and met him. Gen. Barrios is on a three months' leave of absence and will visit his home in Nicaragua before returning to England. Referring to the Bluefields incident and the trouble with the Mosquito Indians, Gen. Barrios said: "That controversy has been settled and Bluefields is now under the rule of Nicaragua. By the treaty of 1860 at Managua England withdrew her protectorate from the Indians at Bluefields. England did not, therefore, feel that she was called on to interfere when the Nicaraguan government called the Mosquito Indians to account for their depredations. Satisfactory reparation was made to Nicaragua and the trouble ended."

The Nicaragua canal, which is arousing a good deal of interest in this country just now, according to Gen. Barrios and Minister Guzman, is attracting even more attention and interest in Nicaragua. Gen. Barrios said: "The people of Nicaragua are eagerly waiting for this canal to be built. They hope that the work will be done under the supervision of the United States."

## CUBA N REVOLT DYING OUT.

Insurgents Take the Oath of Allegiance to the Government.

Havana, March 13.—The Baire band of rebels in its last fight at Los Negros lost several of its members and a large number were wounded. Among the wounded was one major and three other officers. La Chambre reports increasing confidence in the province of Santiago de Cuba. The mayor of Manzanillo reports to the captain-general that on March 9 Estaban Tamayo, Belesario Ramirez, and Damain Caballero, the principal instigators and leaders of bands of insurgents in the Manzanillo district, surrendered to their authorities and their declarations of allegiance have had a good effect. All reports agree that there are growing dissensions among the rebels. It is reported from Holguin that the rebel leaders, Varona, father and son, have surrendered. The troops yesterday killed another bandit belonging to Malanga's band and captured four horses.

## To Look Into Strike.

Brooklyn, N. Y., March 13.—According to Assemblyman Friday the Brooklyn strike investigating committee will give particular attention to the Long Island traction company. Among other witnesses who have been subpoenaed are Chauncey M. Depew, Grand Master Workman Sovereign of the Knights of Labor, President Arthur of the Locomotive Engineers, T. V. Powerly and United States Labor Commissioner Carroll D. Wright.

## One Ship Goes Down.

London, March 13.—The two steamers reported Monday as having been in collision off Beachy Head were the Queen Olga from Hamburg and the Cadoxton from Smyrna for London. The Cadoxton was sunk but all on board were saved. The Cadoxton was built at Newcastle, England, in 1880. She registered 1,102 tons net and was 281 feet long, 32.8 feet beam and 23.1 feet deep.

## Body of Victim Found.

Cincinnati, Ohio, March 13.—The body of David Albridge of Rome, N. Y., one of the victims of the steamer Longfellow disaster of last Friday, was recovered from the wrecked hull, lying at Trautman's station, eight miles down the river, this morning. The brother and son of the dead man are here and will take charge of the remains. It is expected that two or three other bodies will be found in the same part of the wreck.

## Louisiana Murderer Pardoned.

New Orleans, La., March 13.—Thomas J. Ford, who was sentenced to the penitentiary for twenty years on account of his connection with the killing of "Capt." Murphy in this city about eleven years ago, has been pardoned by Gov. Foster, the board of pardons having recommended it.

## Increase in Customs Receipts.

Washington, D. C., March 13.—The customs receipts at the port of New York for the last nine days of March were \$3,000,000, which is about \$400,000 in excess of the receipts for the last ten days of March, 1894.

## FIFTY-NINE SALES OF COUNTY REALTY

### TRANSFERS MADE IN THE PAST THREE WEEKS.

**M. J. Aiken Sells His Harmony Farm and Buys Mrs. Rachael Russ' Third Ward Home—Many Sales of City Lots—Sales in Detail as Reported By Register Rowe.**

Fifty-nine transfers of Rock county realty are reported by Register of Deeds O. D. Rowe for the three weeks ending March 8. The aggregate value of the property sold is \$140,903. Among the more important sales are the following: Morgan J. #### Notes From Cooksville.

COOKSVILLE, March 13.—Ten delegates went to Colwell to the Sixth District lodge to represent our lodge. They report a splendid time and say they were royally entertained while there. There will be open lodge meeting next Saturday night and a box social and programme has been selected from the different sides that were used during the contest. Mrs. C. J. Miller has bought the house owned by Mrs. Mayo and rented it to Claudius Stebbins, who will move in the coming week. E. M. Stebbins goes to Chicago this week to buy goods. Lewis Erickson had a little son born the 1st of March. John Scarles and family of Stoughton, Sundayed with Mr. Preston. George Cox and Mrs. Alice Stoneburner of Avon are visiting at E. T. Stoneburner's. James Allen is quite sick. C. S. Preston has commenced building on his lot in Stoughton. Charles Miller has sold his fast steers for five dollars a hundred and will deliver them in Evansville April 1. Twenty-two numbers were sold at the dance last Friday night.

La grippe is here again with all its old-time vigor. One Minute Cough Cure is a reliable remedy. It cures and cures quickly. C. D. Stevens.

#### Mary Frances Bell.

Mary Frances Bell died at her home in Turtle, Rock County, Wis., on Tuesday night, March 5, aged thirty-four years. She was born in La Prairie, March 15, 1861, and united in marriage with Charles E. Bell, October 24, 1880 at Shopiere, going at once to Iowa, which state was their home until February 1894, when they returned to Wisconsin and located in the town of Turtle. The circumstances connected with her death are extremely sad, as within a few hours of its occurrence, such a possibility had hardly been considered. She leaves a husband and daughter, sister and mother by whom she will be sorely missed and also a sweet baby girl which at once laid siege to their affections. The funeral services were held at the Congregational church Friday afternoon. Rev. Mr. Barber officiating.

## EDDIE ENRIGHT WINS THE MAHONEY PRIZE

### BIG CROWD HEARD THE CONTEST LAST NIGHT.

Judges Said Miss Stella Tuckwood Excelled in Declamation While Frank McNamara Won the Honors For Original Orations—Names and Subjects of the Other Contestants.

HEERS greeted the announcement of the judges in the oratorical contest at the Grand last evening when Janesville's youthful orators met to decide who should wear the handsome Mahoney medal.

The winners were: Mahoney medal—Edward Enright. Declamation—Miss Stella Tuckwood. Original orations—Frank McNamara.

A goodly audience listened to the speakers. In the lower right hand box sat the city teachers while the other three were given up to the senior class. The other classes occupied rows of seats in the orchestra and colors were conspicuous. Prof. D. D. Mayne was master of ceremonies and the first contest of the evening was in declamation. The speakers and the subjects chosen were as follows:

Charles Reeder—"Enmet's Last Speech."  
Margaret Woodruff—"Ruggles' Dinner Party."

William Bonesteel—"Speech of Regulus to the Carthaginians."  
Elizabeth Palmer—"The Witch's Daughter" by Whittier.

William Hamilton—"The Victor of Marengo."  
Stella Tuckwood—"Brier Rose."

#### Medal Contest Came Next.

The contest for the medal came next, the contestants being Edward Enright, Miss Nellie Kimball, John McElroy, William Denniston, Roy Sanborn and Etta Zache. Subjects were assigned them but forty minutes before they were to speak.

"Are Strikes a Benefit to the Laboring Man?" was the text assigned to Edward Enright, he being the first speaker, while the other assignments were as follows:

"The Danger to the Country From Great Cities," Miss Nellie Kimball.

"Should Civil Service Rules Be Applicable to All Appointive Officers in the United States?" John McElroy.

"Is the Sending of Exploring Expeditions Into the Extreme Northern Regions Productive of Enough Good to Compensate For the Loss of Life?" William Denniston.

"Are Athletics a Benefit in Our Schools?" Roy Sanborn.

"Is a College Education Necessary to Success?" Miss Etta Zache.

#### Original Orations.

The last contest was for original orations and four contestants took part, their subjects being as follows: Frank McNamara—"Civic Patriotism."

Susie Lowell—"Solitude Precedes True Society."

Belle Stoddard—"What Is Right."

Luella Conroy—"The American Indian."

The judges were Profs. E. G. Smith, George L. Collie and H. D. Denmore, all of Beloit college and after considering the marking Professor Smith announced the winner.

#### Unanimous For Enright.

In the extemporaneous speaking the judges were unanimous in the selection of Edward Enright, and in the declamation honorable mention was due Charles Reeder although the medal was awarded Miss Stella Tuckwood.

In the original orations there was a diversity of opinion among the judges but they had finally decided that Frank McNamara was entitled to the medal. The announcements were received with applause by the audience and the classmates of the winners, Mr. Enright representing the seniors, Mr. McNamara the juniors and Miss Tuckwood, a freshman class.

Music followed the contest, Miss Sophie Weisend performing on the piano in a thoroughly finished and satisfactory manner, while the Young Ladies' Quartette, composed of Misses Josie Farnsworth, Nellie Kimball, Luella Conroy and Stella Tuckwood pleased the audience immensely. Both musical numbers were encored and added much to the enjoyment of the evening. Prof. F. Smith in announcing the decision of the judges took occasion to compliment the contestants and the institution they represented, for their excellent work.

The medal won by Mr. Enright is a

#### CURES OTHERS

BAD COUGH, SPIT UP BLOOD, CONSUMPTION.

K. C. McLIN, Esq., of Kempsville, Princess Anne Co., Va., writes: "When I commenced taking your 'Discovery' I was very low with a cough, and at times spit up much blood. I was not able to do the least work, but most of the time was in bed. I was all run-down, very weak, my head was dizzy, and I was extremely despondent. The first bottle I took did not seem to do me much good, but I had faith in it and continued using it until I had taken fifteen bottles, and now I do not look nor feel like the same man I was one year ago. People are astonished and say 'well, last year this time I would not have thought that you would be living now.' I can thankfully say I am entirely cured of a disease which, but for your wonderful 'Discovery,' would have resulted in my death."

handsome one. It was presented by Attorney J. L. Mahoney and made by A. F. Hall & Company. It must be won three times by the same person before it can become the individual property of the contestant. It bears the following inscription: "Janesville High School," "Mahoney Medal," "Extemporaneous Speaking." It will be retained by Mr. Enright until the next contest. It will not become his property, he being a senior and not eligible to contest again.

The other two medals are not yet made. The successful contestants received orders for them and they will be allowed to select their own designs.

#### A Chance To Save Money.

There is not the slightest reason why you should not feel well and strong. That great offer of Dr. Greene's is proving the best friend that weak and delicate people ever had. A letter sent to him at his office, 35 West 14th street, New York city, telling the symptoms you are suffering from, will be immediately answered by the doctor, describing your complaint minutely, and making you understand perfectly just what ails you. And all this costs you nothing. You don't have to leave your home and you don't have to pay any doctor's fee to learn exactly what your complaint is, and how to get well and strong, from Dr. Greene, the greatest living specialist in curing nervous and chronic diseases. The doctor makes a specialty of curing patients through this great system of letter correspondence, and is having wonderful success. Thousands of weak, delicate men and women are writing him about their complaints, and are being permanently cured. It was he who he who discovered that world-renowned curative, Dr. Greene's Nervura blood and nerve remedy. Write the doctor at once and see what he says about your complaint. It will probably be the means of your getting back your health.

#### A Splendid Chance.

Everybody who is weak, delicate or sickly wants to get well. Dr. Greene, of 35 West 14th street, New York City, makes a specialty of treating patients through letter correspondence. The wisest thing all suffering people can do is to write the doctor, stating just how they feel, mentioning every symptom of which they complain, and he will answer the letter, explaining each symptom and describing the case so thoroughly that patients understand their complaint as well as though they had talked with the doctor. He makes his explanations so clear that they cannot help but understand just what ails them and he tells exactly what to do to get well. It saves a journey to the city and doctor's fees, and costs nothing. Dr. Greene is the most successful specialist in curing nervous and chronic diseases. He is the discoverer of that wonderful medicine, Dr. Greene's Nervura blood and nerve remedy. Thousands are being cured through his perfect system of letter correspondence. It has been proved successful.

## H. C. THOM'S DEATH IS NEAR AT HAND

### REPUBLICAN CHAIRMAN CAN NOT LIVE LONG.

Former Rock County School Superintendent Is Alive But That Is All—Physicians Said Last Evening That His Demise Was Only a Question Of A Few Hours.

Ere these lines are read, the spirit of H. C. Thom, chairman of the republican state central committee, may have been summoned to the final home. A dispatch sent from Madison last night said that he was alive at midnight, but the chances were against his surviving the night. Early in the evening the doctor said he could live but a few hours. About 8 o'clock he rallied a trifle, but it was nothing to give any hope for any length of time.

Sunday he suffered a stroke of paralysis—the second in two weeks. He was utterly broken down by the campaign and the pressure for office afterward. While delicious he raves about the throngs of place seekers who, he thinks, are besieging him. He is less than forty years old, and until the campaign closed was a splendid example of physical manhood.

Mr. Thom is well known to Janesville people as he served Rock County as superintendent of the second school district before he was as widely known as at the present time. He is one of the shrewdest politicians in the state and a gentleman in every sense of the word. Many Rock County friends, both personal and political will earnestly hope that he will recover, bare of cheer as a hope seems to be at this time.

Our patrons will find DeWitt's Little Early Risers a safe and reliable remedy for constipation, dyspepsia and liver complaints. C. D. Stevens.

Sick headache, constipation and indigestion are quickly cured by DeWitt's Little Early Risers, the famous little pills. C. D. Stevens.

#### "A Breezy Time."

"A Breezy Time" at the opera house last evening fulfilled all the predictions as to its high standard. It is not often that such a galaxy of theatrical stars have visited this city. The house was the largest of the season, E. B. Fitz, in the dual role of Reuben Merrifield, a Vermont farmer, and Jovial Jolly was very funny. The characters of Daisy Lightfoot and Cholly Fairweather were finely portrayed by winsome Kathryn Webster. The musical portion of the programme was excellent and the dancing could not have been finer. The minor roles were filled by actors and actresses of ability. The company left for Shamokin this morning. Should they play a return date the house will be crowded from the stage to the entrance—Sunbury Daily. At the Grand Friday night.

Full off with starch and gloss serene. The linen collar starts the morn; Full off at noontime it is seen All wilted, wrinkled and forlorn.

That's what you must expect of such a collar; it's the linen of it. The stand-up collars won't stand up, and the turn-down collars will wilt down. The easy, cheap, and pleasant way out of this is to wear "CELLULOID" COLLARS AND CUFFS. These goods are made by covering linen collars or cuffs on both sides with "CELLULOID," thus making them strong and durable, and waterproof, not affected by heat or moisture. There are no other waterproof goods made this way, consequently none that can wear so well. When soiled simply wipe them off with a wet cloth. Every piece of the genuine is stamped like this:

Insist upon goods so marked if you expect full satisfaction, and if your dealer does not keep them, send direct to us enclosing amount and we will mail sample. State size and whether a stand-up or turned-down collar is wanted. Collars 25c. each. Cuffs 50c. pair.

## BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN  
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it. It will buy an education. It will buy a building lot. It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette, containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to the Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to all coupons from the paper from day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop a paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

## THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

—ONE VOTE FOR—

Of Janesville, Wis.

An Eager and a Nipping Wind, continuous down pour of rain, inclement weather, generally in winter and spring, are favorable to all classes of invalids. But both and activity infused into the circulation interacts these influences and interpose a defense against them. Hostetter's Stomach Bitter, most thorough and effective of stomachics, not only enriches the blood, accelerates its circulation. For all, or premonitory symptoms of rheumatism and kidney complaint, particularly prevalent these seasons, it is the best possible remedy. It is also invaluable for dyspepsia, liver complaint, constipation and nervousness. Set out on a winter or spring journey, but it. Elderly persons and the delicate and adolescent are greatly aided by it.

## THIS DAY IN HISTORY

565—Belisarius, the last great Roman general of the eastern empire, died; born 505.  
 1681—Birth of Esther Johnson, noted unfortunately as Dean Swift's "Stella"; died 1722.  
 1741—Birth of Joseph II, famous emperor of Germany; died 1790. Joseph II was the second ruler of the Hapsburg-Lorraine dynasty. He was a liberal monarch and introduced many civil and ecclesiastical reforms, but his methods, being radical in the extreme, provoked revolt. His noted general, Laudon, won numerous great victories over the Turks.  
 1807—Cession of Russian America to the United States.  
 1871—Mme. Bonaparte-Wyse, daughter of Louis Bonaparte, died; born 1801.  
 1881—Alexander II of Russia assassinated; born 1818; crowned 1853.

## CAUCUS AND CONVENTION DATES

Former Will Be Held March 25 and the Latter March 26.

The republicans of the city of Janesville will meet in city convention at the common council chamber, on Tuesday, March 26, 1895, at 2 o'clock p. m., for the purpose of placing in nomination candidates for Mayor, City Clerk, School Commissioner at Large, Street Commissioner, Justice of the Peace, and Sealers of Weights and Measures, to be voted for at the regular city election to be held on Tuesday, April 2, 1895, and for the transaction of such other business as may come before the convention.

The several wards will be entitled to representation as follows: First ward, 7; Second ward, 5; Third ward, 7; Fourth ward, 5; Fifth ward, 3.

The ward caucuses will be called by the several ward committees for Monday evening, March 25, at the usual places.

By order of the republican city committee,  
 T. W. GOLDIN, Chairman,  
 Janesville, Wis., March 13, 1895.

## MORAL REFORM.

The work of Dr. Parkhurst in New York city is recognized as one of the greatest reform movements of the century. That it will be far-reaching in its results is already apparent. Chicago, St. Louis and other cities, realizing what can be accomplished, by persistent effort, are already in line, and the watchword "moral reform" takes on national scope and significance.

The tidal wave is sweeping over the country, and even in the extreme southern states, where election frauds and dishonesty have characterized municipal and state government, for many years, an era of reformation has set in. Ex Governor Warmouth of Louisiana, says that the "desire for honest election has become a fashion in the south."

It is not confined to the south alone, but throughout the country the people are becoming aroused to the fact that dishonesty and trickery are altogether too prevalent.

Public sentiment thoroughly aroused against evil is the surest safeguard of the nation.

Better by far for the south to realize the injustice of fraud than for the government to enforce law by the aid of military power. The former corrects, while the latter but partially checks the evil.

Righteous indignation thoroughly aroused means the enforcement of law and equity from principle.

The better side of state and national life, reveals the fact that morality and a determination for good government prevails and despite the croaking of croakers, and the dismal forebodings of people who believe that the country has been turned over to the devil, "the world do move" and righteousness is in the ascendency.

Honesty is the prevailing sentiment in any nation that succeeds, the same as it is the governing impulse of any life that accomplishes results.

The tidal wave that Dr. Parkhurst has set in motion will stir the moral sense of many communities and result in purifying the atmosphere, and restoring healthy conditions. The church as well as the state has occasion for gratitude to the man who possessed the moral courage, single-handed and alone, to set in motion this great reformation.

## STAY BY THE ISSUE.

The Recorder would do well to bear in mind that the democratic party and not the Gazette is on trial just now.

The paper has stood the test of public opinion for half a century, and possesses some vigor yet in spite of age. The democratic party during the same period has made a record that even "the only democratic daily in Southern Wisconsin" does not care to discuss. If the signs of the times mean anything, the organ will be without a party for several years to come. There are doubtless several people in Janesville, including the Recorder, that would like to annihilate the Gazette. The city has always been cursed with a few people whose aim in life is destruction. Envious of success they employ that unruly member, the tongue, to malign and slander. This is some times excusable as an individual, whose mental equipment has been turned over to satanic influences, but that spirit portrayed in journalism borders on folly and should consign the instigator to the home for the feeble minded.

The democrats of Leavenworth, Kansas, are so badly demoralized that they are unable to find a candidate for the office of mayor, and out of the six wards in the city, only one man is found who is willing to accept a nomination for alderman. This is demoralization with a vengeance.

The democratic party is a good deal more popular in England just now, than it is at home. Why shouldn't it be? The party paid the price and deserves foreign commendation.

Free trade and free air with 50 cent wheat, and ten cent wool may be all right for a change, but altogether too thin for a diet. "Let's swap back."

## TO-DAY'S TERSE TOWN TALES

HAVE you heard the orchestra from the school for the blind? Well you want to don't you? They were never in better shape to handle the finest music than now. They can be heard at the Congregational church Friday evening.

THE BROWNIE overalls for children are a good thing. They save the little ones' suits. We have them, ages 4 to 10 years, price 50 cents, made with open front to protect coat. T. J. Ziegler.

## Drawing to a Close.

Our great tinware sale will soon be a thing of the past. We're sorry and we have plenty of sympathy. We supposed that 3 carloads of tinware would supply almost everybody, but it seems not. What there is left is very choice and the prices are just like finding it. Don't wait one day, come just as soon as you can get here, as every day makes the stock lower and when gone we can't give you such bargains.

LOWELL HARDWARE CO.

## Attention Elks.

By referring to the fourth page of this issue you will see that D. W. Kolle, the West Milwaukee street jeweler, will open an auction sale of jewelry tomorrow, to continue daily every afternoon and evening. This will be the one chance of a lifetime, and no better stock can be found in the state; and as Mr. Kolle wishes to reduce, you will be able to get silverware, watches, rings and everything known in a jewelry store, at your own price. Sale opens tomorrow at 2 p. m.

## NAME THE WINNER TUESDAY, MARCH 26

THE REPUBLICAN CONVENTION  
CALLED FOR THAT DAY.

It Will Be Held in The Afternoon at The Council Chamber—Caucuses To Be Held the Evening of March 25—Four Good Men Talked of For Mayor.

The republican city committee held a meeting last evening and instructed the chairman to call the city nominating convention on Tuesday, March 26, at 2 o'clock p. m., at the common council chamber. The republican ward caucuses for nominating ward officers and selecting delegates will be held in the several wards on Monday evening, March 25, at 7:30 o'clock. As the time of the convention draws near the question is frequently asked: "Who are the candidates for mayor?" The question is a very natural one and is usually asked by people who honestly desire information, there are scores of voters in both political parties in Janesville, who take so little in-

John Thoroughgood.

terest in politics, that they never know anything about candidates until after they are nominated, and their names appear in the papers. The fact may be deplorable and yet it is true. For the information of republican voters concerning the men who are prominently talked of as possible candidates before the coming republican convention, the Gazette will mention the names of four men, any one of whom is likely to receive the nomination.

The present mayor, John Thoroughgood is a candidate for re-nomination. Mr. Thoroughgood has filled the office very acceptably, and his administration has been clean and thoroughly business like. He is an energetic, enterprising and public spirited citizen, and a man who enjoys the

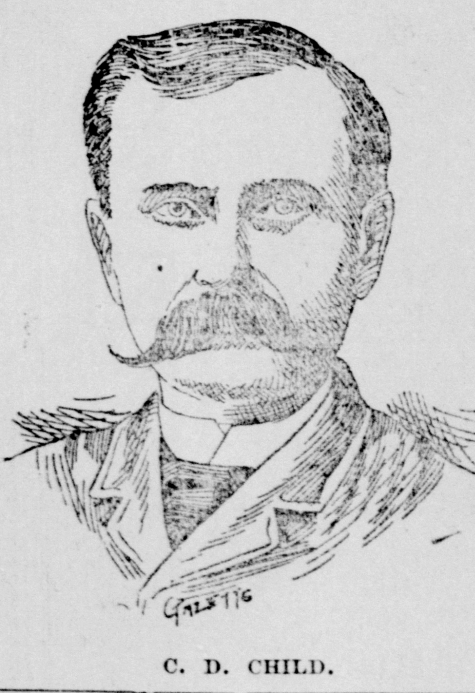

Capt. W. J. Vankirk.

confidence of the community. His public life is a matter of record, of which any man need not feel ashamed. If re-elected the public will know where to find him on all questions of public interest.

Alderman C. D. Child is also a candidate for the office. Mr. Child combines many qualifications that make for strength and availability in a candidate. He is familiar with the work of the council, having been prominent on important committees. As a man he embodies all the characteristics of manhood and popularity. Intelligent and honest, and in close touch with the men who toil, he would be recognized as a strong candidate.

The third candidate, whose name has been frequently mentioned during the past week is John M. Whitehead,

C. D. CHILD.

Mr. Whitehead's extreme modesty and lack of political ambition, would, perhaps, prevent his friends from finding out that he was even a possibility. He belongs to the sturdy class of men who believe that the office should seek the man. He has been a resident of Janesville for the past twelve years. A man of strong qualities and broad intelligence, he has

won the confidence and highest regard of the community. That he is well qualified to preside over the city's council no man can question.

The name of W. T. Vankirk is also mentioned as a possible candidate. Mr. Vankirk needs no introduction to the republican voters of the city. A

John M. Whitehead.

tireless worker for the party, and a man of broad and liberal intelligence, he would bring to the office of mayor the same spirit of energy and business enterprise that has crowned his life with success. The city would find in Mr. Vankirk an excellent mayor, and a man who would give the guarding of the people's rights the attention that good government demands.

In mentioning the names of these four gentlemen The Gazette is prompted only by a desire to furnish the information which republican voters seek. The paper has no axes to grind, and has no choice of candidates. The nomination of either Mr. Thoroughgood, Mr. Child, Mr. Whitehead or Mr. Vankirk means the selection of a good man for the most responsible office in the city. It remains for a majority of republican voters to express their preference in caucus. Whatever the verdict may be the result will be satisfactory to the party, and harmony will prevail.

MAGGIE JOHNSON WAS CONVICTED.

Being Short of Cash She Is Now In Jail—Other Municipal Court Notes.

The jury in the case of the state against Maggie Johnson who was charged with uttering abusive language, etc., brought in a verdict last evening of guilty, whereupon Judge Phelps sentenced the winsome Maggie to pay a fine of \$5 and costs, or stand committed to the jail for fifteen days. Maggie went to jail. Her address in Chicago is 2023 Clark street.

D. D. Williams pleaded guilty to the charge against him, so Judge Phelps directed that he pay \$300 and stand committed to the county jail until discharged by law. Williams went to jail.

James Nash, one of the "patch" celebrities, was again introduced to Judge Phelps this morning, Chief Acheson having preferred the charge of "drunk and disorderly conduct" against him. Nash pleaded guilty and was sent down for ten days.

Edward C. Henroth, the man arrested in Chicago by Sheriff Appleby on the charge of receiving stolen property, was brought into the municipal court this morning, and by consent of the parties his hearing was for April 2.

George Welch, one of the honorary members of the White-Light club was brought into the municipal court this afternoon and Patrolman Hogan charged him with being a common drunkard. He was adjudged guilty and sent to jail for fifteen days.

A COLD WAVE COMING TONIGHT

Weather Clerk Burnham Sends Out Warning to the People.

A cold wave is due here tonight and it is going to be colder still tomorrow.

Weather Clerk Burnham's announcement is as follows:

1 p. m. . . . . 25 above

Max. . . . . 25 above

Min. . . . . 24 above

Wind west.

HERMANN, THE WIZARD, WAS HERE

The Great Magician Passed Through Janesville This Morning.

Hermann, the celebrated magician passed through Janesville enroute from Rockford to Madison where he plays tonight. He travels in his own car and carried three Kentucky horses for his own private use.

"I am now playing in the smaller towns" he said in response to a Gazette reporter's question, "and could have played here as well as not but received no offer of that kind."

CAT AND RATS WERE BOTH DEAD.

First Ward Tabby Died After Fighting Three Rodents At Once.

A First ward lady, who had missed her favorite cat for some time past, was surprised to find it dead upon the barn floor, while within three feet of it were three full grown rats, also dead. The surroundings indicated that a fierce battle had taken place and that it was a fight "to a finish."

## JOHN D. REXFORD CALLED BY DEATH

WELL KNOWN BANKER EX-  
FIED THIS AFTERNOON.

He Had Resided In Janesville For Many Years and Was a Man of Sterling Qualities—Long Illness Finally Terminated Fatally—Funeral Arrangements Not Yet Made.

John D. Rexford died at his home on the Madison road at 1 o'clock this afternoon, aged 75 years.

Mr. Rexford was born July 5, 1820, in Chenango, county, New York. He came to Janesville in 1851 and engaged in business. For more than a quarter of a century he was president of the First National Bank, his sturdy character and integrity adding much to the strength of that institution.

A man of unobtrusive character, yet strong in his connections and unswerving in principle, he commanded the confidence and highest regard of all who knew him. He was one of the oldest and most active members of the Presbyterian church where his wise council and correct judgment was always recognized.

For many months he had been in feeble health, and for several weeks confined to the house. His disease, a stomach trouble, undermined his condition, and in spite of all that medical skill and loving care could do, death was the result.

In his demise the city loses an honored and influential citizen; the church an active, intelligent and consistent worker; and the home a husband and father whose life was devoted to the happiness of those about him.

His last days were full of peace and bright anticipation, in spite of great suffering.

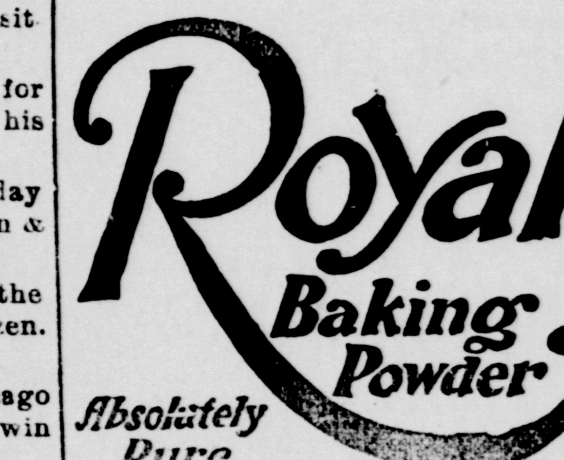

A wife, two sons and a daughter survive him. Notice of the funeral will be published later.

Mrs. George Sennett.

Mrs. George Sennett died at her home on South Second street, Fourth ward, at 4 o'clock yesterday afternoon, aged sixty-five years. Cancer of the stomach was the cause of her death. She leaves a husband and eight children, five sons and three daughters—James, Patrick, John and George Sennett, Mrs. Martin Dolan, Mrs. Edward Gillespie and Mrs. James Flynn of this city, and Peter Sennett of St. Louis, Mo. She had resided in Rock county upwards of thirty years, and leaves a large circle of friends. The funeral services will be held from St. Patrick's church tomorrow morning at 10:15 o'clock.

Funeral of Walter W. Jerome.

The remains of Walter W. Jerome were buried in Oak Hill this afternoon. Funeral services, conducted by Rev. S. P. Wilder of the Congregational church, were held at the home of L. D. Jerome on North High street at 2 o'clock. There was a large attendance of family friends, many of whom accompanied the funeral party to the grave.

## VARIOUS NOTES.

**Military, Colifours and Gowns Are Gracefully Feminine.**

Buttons are to be employed largely during the coming season both as decoration and for the practical purpose of closing garments in place of the prevailing hook and eye.

Independent bodices are as popular as ever, and this fashion is considered particularly appropriate for demitoe for young girls, who may wear with their bright and somewhat elaborate corsage a skirt that does duty on more sober occasions.

Ruby and sky blue is one of the latest color combinations. It is most effective when softened with white or black.

The Greek knot is the favorite style of coiffure, its severity being modified by the fact of the entire mass of hair being waved

NOVEL GOWN.

in large undulations. Some sort of ornament is usually worn, jewels or aigrets by matrons, flowers and ribbons by young girls.

Flowers and foliage continue to be a fashionable trimming for hats, bonnets, bodices, gowns and indeed almost every garment in the wardrobe.

Extreme masculinity in feminine dress has decidedly gone out. Although the tailor gown is by no means discarded, its virtue is no longer considered to lie in its mannishness, but rather in a neatness of finish and durability of material that are quite reconcilable with a feminine appearance.

Stripes are a prominent feature of the season and are often made up very effectively. The gown of which an illustration is given is made of wide striped black and white silk. It is trimmed with lace and with bright yellow velvet ribbon. The skirt has a deep lace flounce and is trimmed in front with two bands of ribbon fastened at the belt by choux and extending to the top of the flounce, where they terminate in a bow and ends. The round bodice has a V of lace at the back framed by bretelles of ribbon, which cross the shoulders and come down to the waist in front over a butterfly arrangement of lace. The elbow sleeves consist of two puffs decorated with ribbon bands and choux. The décolletage is pointed back and front.

## PARISIAN FANCIES.

**Princess Gowns Worn Abroad—Pearl Buttons Ubiquitous—Handsome Petticoats.**

Princess gowns are coming decidedly into fashion in Paris. The back is usually cut without a middle seam, and the fullness of the skirt is provided for by plaits or godets let in just below the waist line. The skirt may be separate from the bodice in front and opens at the left side. Separate skirts are also opened at the side. The back breadth is kept whole, and the old idea of having the pocket hole there is entirely discarded.

Large mother of pearl buttons are worn on nearly everything. Indeed large, expensive buttons are the principal ornaments of cloth coats and jackets.

Sleeves are to be still more voluminous this summer. It now takes almost as much goods for a pair of sleeves as for the rest of the gown.

Stripes are seen in all kinds of goods. Some of the new muslins and dimities are particularly pretty. Many of the most

EVENING GOWN.

delicate tinted ones are emphasized by a tiny thread of black or a fine black arabesque wandering among the stripes. The patterns in yellow and rose are especially pleasing.

Petticoats of striped silk are trimmed with a deep flounce of lace and bunches of baby ribbon.

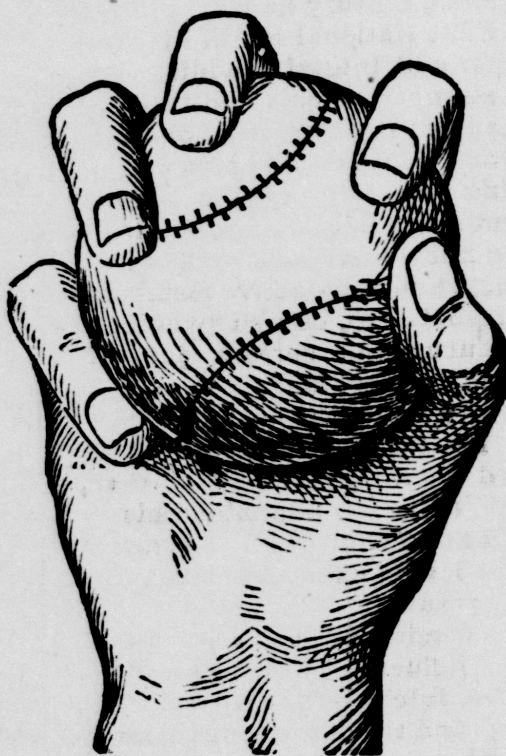

The slashed mode of decoration is much employed for children's garments, as it is simple and effective. A plain bodice may be slashed to show a colored vest, for instance, and the sleeves arranged in similar style, while the skirt is entirely plain, and no further trimming will be required. Dressmakers now put a pocket in the skirt and close it with a flap that fastens with three buttons, thus discouraging business among the pickpocket fraternity.

The gown illustrated is of lavender and white striped silk and lavender mousseline de soie. A ruche of mousseline de soie is placed about the foot of the silk skirt, punctuated at short intervals by erect knots of fuchsia velvet. The square cut corsage is of white lace half draped with mousseline de soie, which is crossed in front. The short lace sleeves are draped with mousseline de soie, and bretelles of Jacqueminot roses pass over the shoulders. A trail of roses falls from the left side of the waist.

"Are we alone?" she faltered, in apprehension.  
"I don't know," he answered. "You might sing a few selections and make sure."  
He rose and would have led her to the piano but for the cold stare she gave him.—Detroit Tribune.

**Statistics Again.**  
Mrs. Strongmind—The fact that many companies refuse to insure women is an outrage. I heard to-day of a town in which there were sixty-two widows and only fourteen widowers. What does that prove?  
Mr. S.—That seems to prove that most of the widowers have run away from the widows.—N. Y. Weekly.

## SUNDAY'S SERMON BY DR. TALMAGE

"A SERAPHIC DIET" THE SUBJECT LAST SUNDAY.

The Text Being Selected from Psalms 78:25: "Man Did Eat Angels' Food"—The Ecstatic State in Which We Forget the Necessity for Earthly Food.

U M E W H A T risky would be the undertaking to tell just what was the manna that fell to the Israelites in the wilderness; of what it was made and who made it. The manna was called angels' food, but why so called? Was it because it came from the place where angels live; or because angels compounded it; or because angels did eat it; or because it was good enough for angels? On what crystal platter was it carried to the door of heaven, and then thrown out? How did it taste. We are told there was in it something like honey, but if the saccharine taste in it had been too strong, many would not have liked it, and so it may have had a commingling of flavors—this delicacy of the skies. It must have been nutritious, for a nation lived on it forty years. It must have been healthful, for it has been so inspiringly applauded. It must have been abundant, because it dismissed the necessity of a suttler for a great army. Each person had a ration of three quarters of a pound to him, and so fifteen million pounds were necessary every week. Those were the times of which my text speaks, when "man did eat angels' food." If the good Lord, who has helped me so often, will help me now, I will first tell you what is angels' food, and then how we may get some of it for ourselves. In our mortal state we must have for mastication, and digestion, and assimilation, the products of the earth. Corporeity, as well as mentality, and spirituality, characterizes us. The style of diet has much to do with our well-being. Light and frothy food taken exclusively results in weak muscles and semi-invalidism. The taking of too much animal food produces sensuality. Vegetarians are cranks. Reasonable selection of the farinaceous and the solid ordinarily produces physical stamina.

But we have all occasionally been in an ecstatic state where we forgot the necessity of earthly food. We were fed by joys, by anticipations, by discoveries, by companionships that dwindled the dining hour into insignificance, and made the pleasures of the table stupid and uninviting. There have been cases where from seemingly invisible sources the human body has been maintained, as in the remarkable case of our invalid and Christian neighbor, Mollie Fancher, known throughout the medical and Christian world for that she was seven weeks without earthly food, fed and sustained on heavenly visions. Our beloved Dr. Irenaeus Prime, editor and theologian, recorded the wonders concerning this girl. Prof. West, the great scientist, marveled over it, and Willard Parker, of world-wide fame in surgery, threw up his hands in amazement at it. There are times in all our lives when the soul asserts itself, and says to the body, "Hush! Stand back! Stand down!"

I am at a banquet where no chafes gleam, and no vizards smoke, and no culinary implements clatter. I am feeding on that which no human hand has mixed, and no earthly oven has baked. I am eating "angels' food." If you have never been in such an exalted state, I commiserate your leaden temperament, and I dismiss you from this service as incompetent to understand the thrilling and glorious suggestiveness of my text when it says: "Man did eat angels' food."

Now, what do the supernaturals live on? They experience none of the demands of corporeity, and have no hindrance or environment in the shape of bone and muscle, and flesh, and hence that which may delectate our palate, or invigorate our poor, dying frames would be of no use to them. But they have a food of their own. My text says so. There may be other courses of food in the heavenly menu that I am not aware of, but I know of five or six styles of food always on celestial tables when cherubim, and seraphim, and archangel gather for heavenly repast; the mystery of redemption; celestialized music; the heavenly picturesque; sublime and colloquy; eternal enterprises; saintly association; Divine companionship; celebrative jubilation. There is one subject that excites the curiosity and inquisitiveness of all those angels. St. Peter says, "Which thing the angels desire to look into?" That is why Christ exchanged a palace for a barn? Why did he drop a scepter from his right hand to take a spear into his left side? Why quit the anthem of the worshipping heavens to hear the crooning of a weary mother's voice? Was a straw better than a garland? "Could it not have been done in some other way?" says angel the first. "Was the human race worth such a sacrifice?" says angel the second. "How could heaven get along without him for thirty-three years?" says angel the third. "Through that assassination may sinful man rise into our eternal companionship?" says angel the fourth. And then they all bend toward each other and talk about it, and guess about it, and try to fathom it, and prophesy concerning it. But the subject is too big, and they only nibble at it. They only break off a piece of it. They only taste it. They just dip into it. And then one angel cries: "Worthy is the Lamb that was slain!" And another says, "Unsearchable!" And another says, "Past finding out!" And another says, "Alleluia!" And then they all fill their cups of gold with the "new wine of the kingdom." Unlike the beakers of earth, which poison, these glow with immortal health, the wine pressed from the grapes of the heavenly Eschol, and they all drink to the memory of manger and cross, shattered sepulchre and Olivet ascension. Oh, that rapturous, inspiring, transporting theme of the world's ransom! That makes angels' food. The taking of that food gives stronger pulse to their gladness; adds several mornings of radiance to their foreheads; gives vaster circle to the sweep of their wings on mission intercession. Some of the crumbs of that angels' food fall all around our wilderness camp to-day, and we feel like crying with Paul, "Oh, the depth of the riches, both of the wisdom and knowledge of God!" or with expiring Stephen, "Lord Jesus, receive my spirit!" or with many an enraptured soul, "None but Christ! None but Christ!" Pass around this angels' food. Carry it through all these aisles. Climb

with it through all these galleries. Take it among all the hovels, as well as among all the palaces of the great town. Give all nations a taste of this angels' food.

Now, in the emerald palace of heaven, let the cup-bearers and servants of the King remove this course from the banquet, and bring on another course of angels' food, which is Celestial Music. You and I have seen at some concert or oratorio a whole assemblage to whom the music was a feast. Never anything that they took in at the lips of the mouth was so delightful to their taste as that which they took in at the lips of the ear. I have seen, and you have seen people actually intoxicated with sweet sounds. Oratorios which are always too protracted for those of us who have not had our faculties cultivated in that direction, were never long enough for them; as at 11 o'clock at night the leader of the orchestra gave the three taps of his baton to agitate the music, they were as fresh and alert as when three hours before, at 8 o'clock, the curtain first lifted. Music to them is food for body, food for mind, and food for soul. From what I read in my Bible, I think celestialized music will make up a large part of angels' food. Why do I say "celestialized music"? Because though music may have been born in heaven, it had not all its charms until it came to earth and took a baptism of tears. Since then it has had a pathos and a tenderness that it could not otherwise have possessed. It had to pass under the shadows, and over stormy seas, and weep at sepulchres, and to be hummed as lullaby over the cradle of sick children, before it could mount to its present altitudes of heavenly power. No organ on earth would be complete without the stop, "Tremolo," and the stop, "Vox Humana." And no music of heaven would be complete without the "Tremolo" of earthly sorrow comforted, and the "Vox Humana" of earthly sympathies glorified. Just take up the New Testament and find it a note-book of celestialized music. It says Jesus sang a hymn before he went to the Mount of Olives, and if he could sing on earth with Bethlehem humiliation close behind him, and sworn enemies close on both sides of him, and the torments of Golgotha just before him, do you not suppose he sings in heaven? Paul and Silas sang in midnight dungeon, and do you not suppose that now they sing on the Delectable summits? What do the harps, and trumpets, and choirs of Revelation suggest, if not music? What would the millions of good singers and players upon instruments who took part in earthly worship do in heaven without music? Why, the mansions ring with it. The great halls of eternity echo with it. The worship of unnumbered hosts is enwrapped with it. It will be the only art of earth that will have enough elasticity and strength to leap the grave and take possession of heaven. Sculpture will halt this side the grave, because it chiefly commemorates the forms of those who in heaven will be reconstructed, and what would we want of the sculptured imitation, when we stand in the presence of the resurrected original? Painting will halt this side the grave, because the colors of earth would be too tame for heaven, and what use to have pictured on canvas the scenes which shall be described to us by those who were the participants? One of the disciples will tell us about the "Last Supper" better than Titian, with mighty touch, set it up in art gallery. The plainest saint by tongue will describe the Last Judgment better than Michael Angelo, with his pencil, put it upon the ceiling of the Vatican. Architecture will halt this side the grave, for what use would there be for architect's compass and design in that city which is already built and garnished until nothing can be added; all the Tuilleries, and Windsor Castles, and St. Clouds of the earth piled up not equaling its humblest residences; all the St. Pauls, and St. Peters, and St. Izaaks, and St. Sophias of the earth built into one cathedral not equaling the Heavenly Temple. But music will pass right on, right up, and right in, and millions in heaven will acknowledge that, under God, she was the chief cause of our salvation. Oh, I would like to be present when all the great Christian singers and the great Christian players of all the ages shall congregate in heaven. Of course, they must, like all the rest of us, be cleansed and ransomed by the blood of the slain Lamb! Alas! that some of the great artists of sweet sound have been as distinguished for profligacy as for the way they warbled, or sang, or fingered the key-board, or trod the organ pedal. Some who have been distinguished basses, and sopranos, and prima donnas on earth, I fear will never sing the song of Moses and the Lamb, or put the tip of the trumpet with sound of victory before the throne. But many of the masters who charmed us on earth will more mightily charm us in heaven. Great Music Hall of Eternity! May you and I be there some day to acclaim when the "Hallelujah Chorus" is wakened. As on earth there have been harmonies made up of other harmonies, a strain of music from this cantata, and a strain of music from that overture, and a bar from this, and a bar from that, but one great tune, or theme, into which all the others were poured as rivers into a sea, so it may be given to the mightiest soul in the heavenly world to gather something from all the sacred songs we have sung on earth, or which have been sung in all the ages, and roll them on in eternal symphony; but the one great theme, and the one mastering tone that shall carry all before it, and uplift all heaven from central throne to furthest gate of pearl, and to highest capstone of amethyst, will be, "Unto Him who washed us from our sins, in His own blood, and made us kings and priests unto God, and the Lamb; to him be glory!" That will be manna enough for all heaven to feed on. That will be a banquet for immortals. That will be angels' food.

Now, in the emerald palace of heaven, let the cup-bearers and servants of the King remove this course from the banquet, and bring on another course of angels' food—the last course, and the best; the dessert; the culmination of the feast, which is celebrative jubilation. You and I have known people who prided themselves on never getting excited. You have cultivated the phlegmatic. You never saw them cry; you never heard them in a burst of laughter. They are monotonous, and to me intolerable. I am afraid of a man or a woman that cannot cry; I am afraid of a man or a woman who cannot laugh. Christ says in the book of Revelation that such people are to him nauseating, and cause regurgitation. (Revelation 3:16.) "Because thou art lukewarm, and neither cold nor hot, I will spue thee

out of my mouth." But the angels in heaven have no stolidity or unresponsiveness. There is one thing that agitates them into holy warmth. We know that absolutely. If their harp be hung up on the panels of amethyst, they take it down, and with deft fingers pull from among the strings a canticle. They run in to their neighbors on the same golden street, and tell the good news. If Mariam has there cymbals anything like those with which she performed on the banks of the Red Sea, she claps them in triumph, and there is a festal table spread, and the best of the angels' food is set on it. When is it? It is when a man or woman down in the world who was all wrong, by the grace of God is made all right. (Luke 15:10.) "There is joy in the presence of the angels of God over one sinner that repenteth." Why are they so happily agitated? Because they know what a tremendous thing it is to turn clear around from the wrong, and take the right road. It is because they know the difference between swine's trough with nothing but husks, and a king's banquet with angels' food. It is because they know the infinite, the everlasting difference between down and up. And then, their festivity is catching. If we hear the bells of a city ring, we say: "What is that for?" If we hear rolling out from an auditorium the sound of a full orchestra, we say, "What is happening here?" And when the angels of God take on jubilation over a case of earthly repentance, your friends in heaven will say, "What new thing has happened? Why full diapason? Why the chime from the oldest towers of eternity?" The fact is, my hearers, there are people in heaven who would like to hear from you. Your children there are wondering when father and mother will come into the Kingdom, and with more glee than they ever danced in the hallway at your coming home at eventide, they will dance the floor of the heavenly mansion at the tidings of father and mother saved. Beside that, the old folks want to hear from you. They are standing at the head of the celestial stairs waiting for the news that their prayers have been answered, and that you are coming on to take from their lips a kiss better than that which now they throw you. Calling you by your first name, as they always did, they are talking about you and saying: "There is our son," or, "There is our daughter down in that world of struggle, battling, suffering, sinning, weeping. Why can they not see that Christ is the only one who can help, and comfort, and save?"

That is what they are saying about you. And if you will this hour in one prayer of surrender that will not take more than a second to make, decide this, then, swifter than telegraphic dispatch the news would reach them, and angels of God who never fell would join your glorified kindred in celebration, and the caterers of heaven would do their best, and saints and seraphs side by side would take angels' food. Glory be to God for such a possibility! Oh, that this moment there might be a rush for heaven! The Spirit and the bride say, Come. Rejoicing saints re-echo, Come! Who faints, who thirsts, who will, may come! Thy Savior bids thee come.

"A Friend in Need is a Friend Indeed." A friend advised me to try Ely's Cream Balm, and after using it six weeks I believe myself cured of catarrh. It is a most valuable remedy.—Joseph Stewart, 624 Grand avenue, Brooklyn, N. Y.

My son was afflicted with Catarrh; I induced him to try Ely's Cream Balm and the disagreeable catarrhal smell all left me. He appears as well as anyone.—J. C. Olmstead, Arcola, Ill.
